Installation Instructions

WOMO lighting

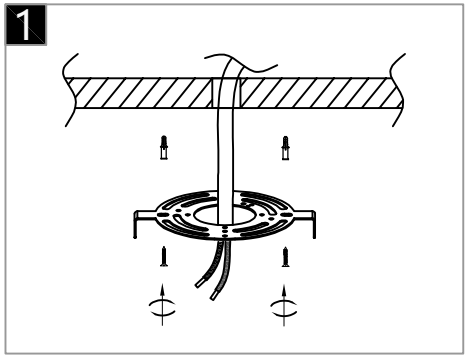

Model number: WM1332

Warning:
This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications.
This product is suitable for indoor installation.

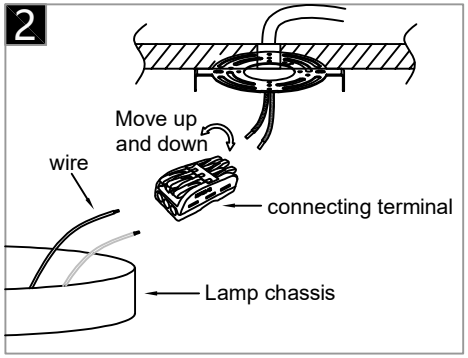

Product style diagram

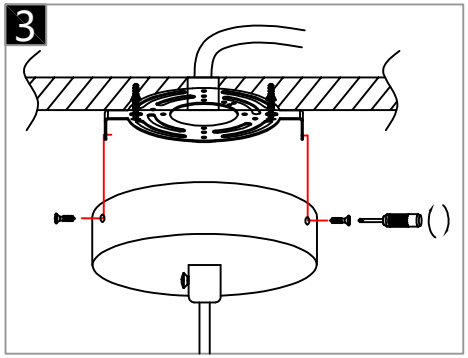

Steps of installation

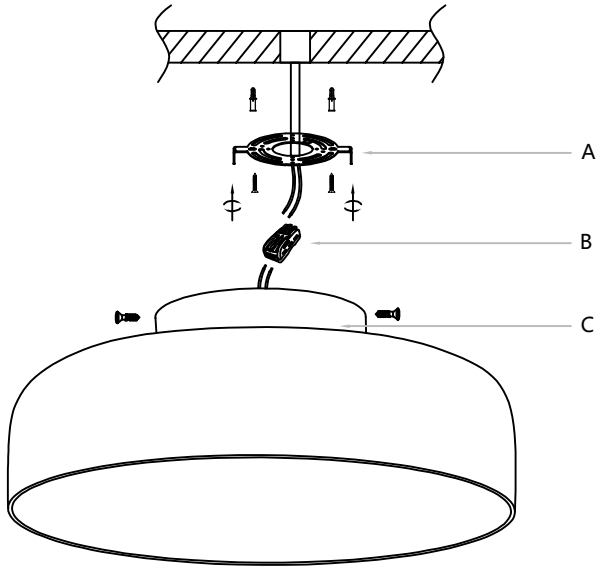

Install the T-shaped bracket onto the main body of the lamp, and then secure it with screws.

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

Align the two holes on the top cover of the lamp with the holes on the installation plate on the ceiling, and then secure them with screws.

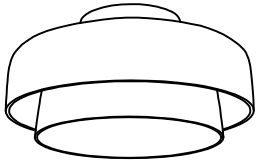

Fix the mounting plate (**A**) to the ceiling. Next, connect the wires reserved for the top cover (**C**) to the wires on the ceiling, and then connect them to the terminals (**B**). Then, align the holes on the top cover (**C**) with the holes on the mounting plate (**A**), and tighten the screws.

Steps of installation

Fix the mounting plate to the ceiling.

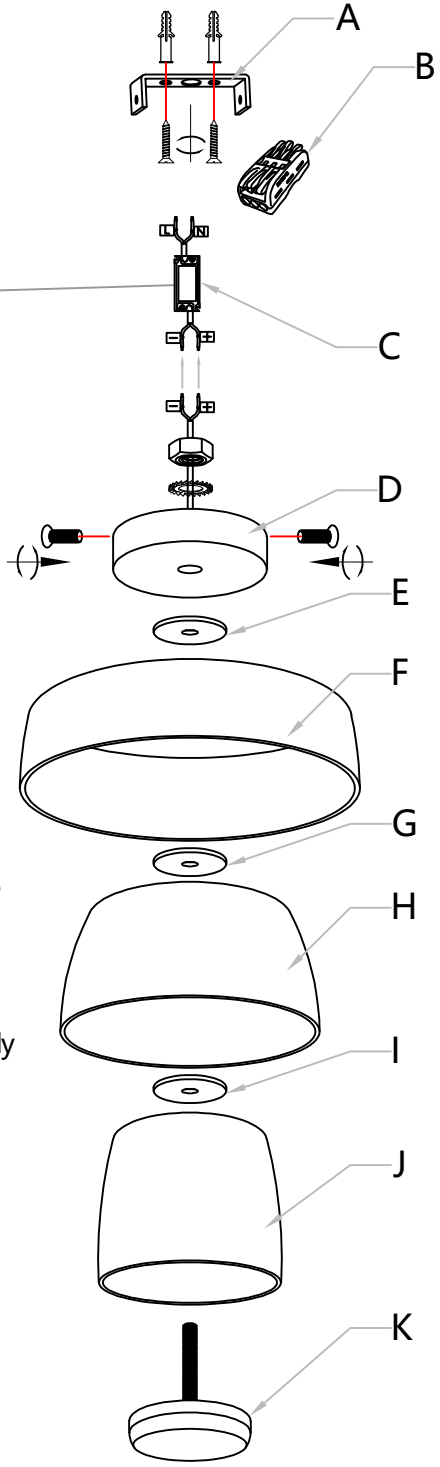

Use the quick-connector to connect the wires coming out from the large canopy to the ceiling pre-wired cables.

Align the side holes on the canopy with the screw holes on the side of the mounting plate , then tighten the screws.

First, fit the light source (**K**) inside the small lampshade (**J**), then fasten the disc (**I**) onto the threaded tube of the light source (**K**). Next, fit the assembly into the medium lampshade (**H**) and tighten the disc (**G**). Then fit the assembly inside the large lampshade (**F**) and tighten the disc (**E**). Pass the threaded tube of the assembly through the center hole of the disc (**D**) and secure with a nut.

Then connect the "**+**" and "**-**" wires of the assembly to the "**+**" and "**-**" wires of the power driver (**C**).

Fix the mounting plate (**A**) to the ceiling.

Use the quick connector (**B**) to connect the **L**, **N** and ground wires of the power driver (**C**) to the ceiling wires and ground wire.

Align the side holes on the disc (**D**) with the screw holes on the side of the mounting plate (**A**), then tighten the screws.
